SPECIFICATIONS

**HOUSING:** 20-Gauge stainless steel housing with welded corners with white powder coat finish. Single or double face configurations.

**LENS:** Silk screened glass panel with vandal resistant polycarbonate outer lens provides consistent, uniform illumination.

**ELECTRICAL:** Dual 120/277 voltage , 50/60Hz standard. Energy efficient, long life LEDS. STEXC-E: Charge rate/power “ON” red LED indicator light and push to test switch for mandated code compliance testing. Maintenance-free rechargeable battery. Internal transfer switch automatically powers LEDs via internal battery for 90 minutes minimum in the event of power loss; when power is restored, battery is automatically recharged. Multi-rate charger fully recharges a depleted battery in 24 hours.

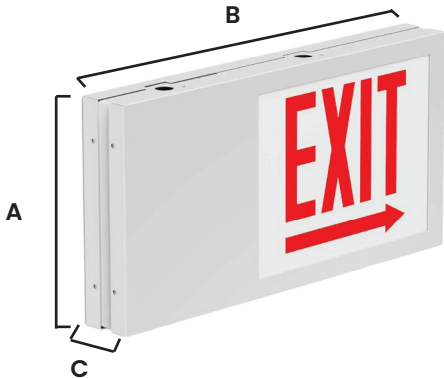

**FASTENERS:** Stainless steel Philips fasteners standard. Optional tamper-resistant Torx® head fasteners.

**INSTALLATION:** Mounting hardware provided for universal ceiling, side or back mount.

**WARRANTY:** Five (5) year warranty on all electronics and housing. Battery prorated for five years.

**LABEL:** Pending
