

THE GATEWAY™ WALLPACK SERIES

The Gateway Wall Pack Series is a contemporary, vandal-resistant solution designed for high-abuse environments such as building facades, public areas, corridors, and stairwells.

Durable die-cast construction, multiple optical distributions, and up to 14,000 delivered lumens ensure reliable performance in demanding applications.

● 2 fc ● 1.25 fc ● 0.6 fc

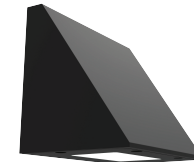

The Gateway Wallpack Series is covered by our New Star Promise.

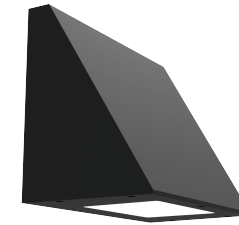

Our promise means we will repair or replace any of our High Abuse or Vandal-Resistant architectural luminaires when installed according to our instructions for the life of the original installation if the fixture should fail due to physical abuse*.

*Damage caused by gunfire and chemical reactions is not covered by the New Star Promise.

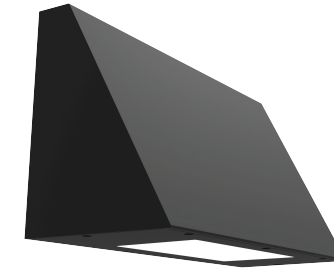

Offered in three sizes to support varied mounting heights and site conditions.

SMALL

MEDIUM

LARGE

ADDITIONAL FEATURES INCLUDE:

- Die-cast aluminum housing with integral heat sink for durability and long-term thermal performance
- Multiple CCT options – 3000K, 4000K, 5000K
- Optional low-profile PIR motion sensor or photocell for energy efficiency and code compliance
- Dual-driver option available on Medium and Large models for added operational redundancy
- IP65 and IK10 rated for wet locations and high-impact environments
- Safeguarded by New Star Promise Warranty
